

O'zapft is!

(traditional phrase,
used when the first barrel of
beer is opened at the Oktoberfest)

Come join your fellow scientists at the
HBIGS Oktoberfest, nearly as
famous as the Wiesn in Munich!

With beer overflowing and mountains of
brezeln to soak it up, make sure that you
are at the HBIGS Center (INF 501) on
Friday, October 14th at 7pm.

Traditional outfits are encouraged, so
round up your dirndl or lederhosen if you
have them and partake in the most
celebrated party this country has to offer!
