Which subject or degree?

This chart shows how subjects studied at school, college or university link to the various research fields and business areas within the pharmaceutical industry.

Subjects Subjects	Genetic research	Biology Research	Chemistry Research	Preclinical Development	An imal Technology	Phamaceutical Science	Clinical Research	Statistics	Regulatory Affairs	Medical Writing	Medical information	Patening	Quality Assurance	Manufacturing	Engineering (general)	Environmental Health and Safety	Sales and Marketing	Healthcare Communications	Health Economics	Finance	Human resources	Training and development	Archiving
	0		0	_	4		0	S	E.	2	2	<u>a</u>	0		ш		S	T	T	LL.	T	F	A
